a forward step

This age is filled with beginnings, climaxes, and determination, just as it was when our forefathers founded this country.

Before us are the challenges of the world and the limits of only ourselves. The need for quality education drove people to seek something more than the public education system could offer.

A forward step . . . in any direction is usually scoffed at, as was our attempt to break away from England for more opportunities and freedoms, but anything worth having is always hard to get, and the battle for independence . . . then and now is no different.

Successful change must be led by competent leaders who have the drive and concern to help break away and combat criticisms and barriers that block the way.

The Board of Trustees of our school are just such men. They devoted all their many hours working—sometimes late into the night—to make our dreams turn into reality.

For their noble efforts and success, we dedicate our first yearbook with pride and thanks to the Board of Trustees of First Baptist Church School.

Martha—
I'm glad we
got to know each
other this year. It
too bad it was only
in gym/bible that we
were in the same
class. But I hope
you enjoy next year
and I'll miss you.
Good luck
Ann

Martha,
Glad I got to
know you this
year. It's been
fun. 2. Club was
great I'll miss
you next year. The
gym won't be
the same. I'll
not really miss
really miss you.
Mary Ann

It's been so great knowing you these past two years. You are so cute, sweet and nice and have the greatest personality. And that's no lie. We've had some pretty neat times together through the past year and now we're graduating. I just can't believe 12 years of school is finally over. We'll both be graduating the same night so that will be neat. I'm weird, oh well! I sure hope to see you a lot next

year at Tech or I hope you come to see me at L.S.U. Baton Rouge. If you come to visit me I'll be sure and get you a date and go to a wild party, but I know you'll already have a boy friend. Try to forget dummy J.W. but I know it's hard for you. Good luck in the future in everything you do. God Bless you.

Standing left to right, Dr. Robert Hendrick, Mr. Willis Meadows, Mr. Dalton Pittman, Mr. John Cholson. Sitting left to right, Mr. John Taylor, Mr. J. H. Duncan, Mr. Cody White, Mr. Clovis Burch, Mr. Hartie Spence.

Mr. J. H. Duncan, Headmaster of First Baptist Church School, earned his B.A. degree at Trinity University and his M.A. degree at the University of Texas.

He has had forty "towering" years in education. In Texas he taught for thirteen years. He then came to Louisiana and kept up the "Duncan Spirit" we all know. He was at Centenary College for one year and then became Principal of Claiborne Elementary School for five years. Being Principal of Lakeshore Junior High was his next conquest where he stayed for six years. He moved on to his greatest and most memorable experience in teaching, not including his present position. He was Principal of Byrd High School for fifteen enlightening and spirited years. Mr. Duncan was right in there with the victories and defeats and always with undying spirit. He pulled Byrd to the top, and he will do the same for us.

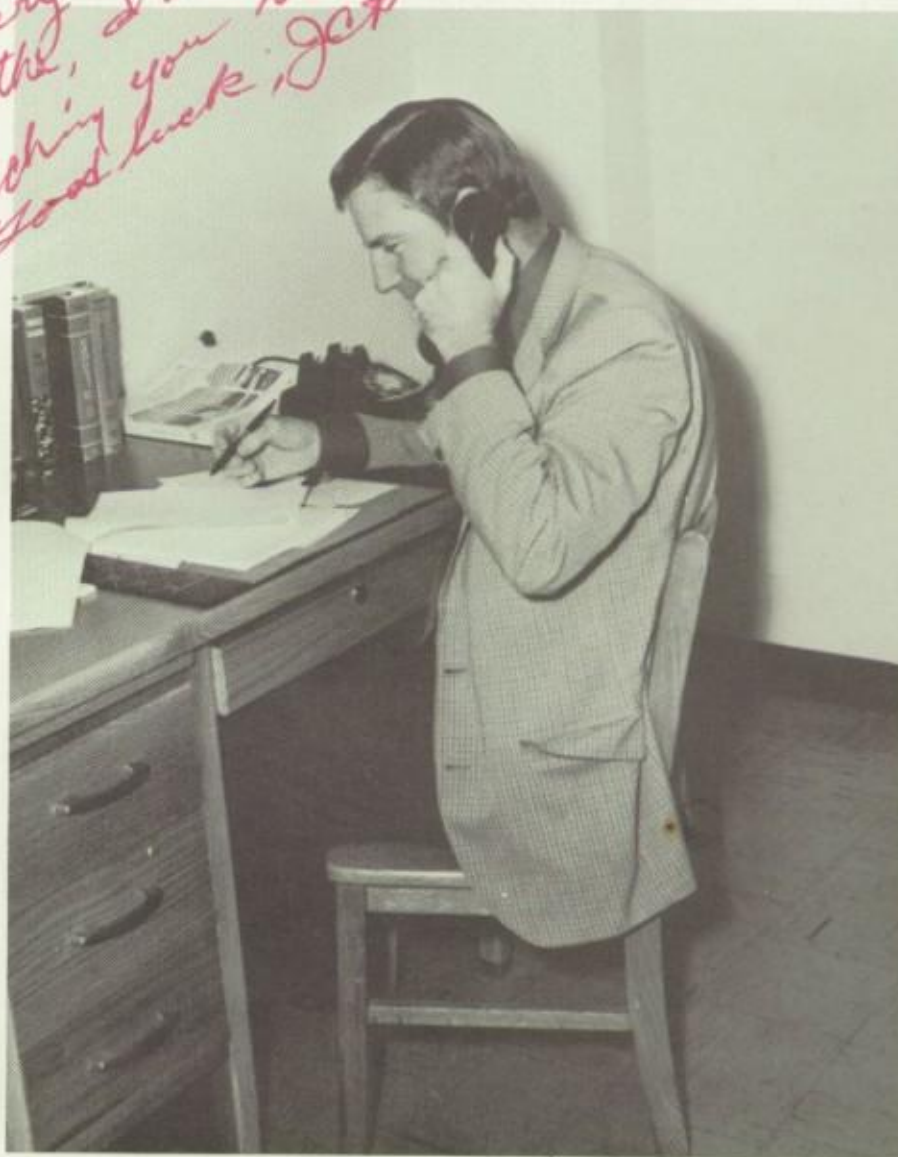

From veal cutlets to peanut butter and jelly, Mr. Duncan's lunch menu has changed along with the changing of duties from Byrd to First Baptist.

Mr. John Gholson teaches 7th, 8th, and 9th grade English and Social Studies. He earned his B.A. degree from Northwestern State University and he was given a scholarship to the University of Georgia by the Shreveport Times in 1967. During the summer he helped to set up the school and has previously been a tour host through thirteen countries of Europe. His only hobby is collecting skyline photos of major cities of the world.

*Best of luck to
a very sweet girl.
Martha, I've enjoyed
teaching you this year.
Good luck, J. Harkness*

Mr. J. C. Harkness teaches Algebra I and II and also Geometry. He earned his B.S. at Louisiana College and his Masters of Education at Mississippi State University. He is currently working on his graduate course through Northwestern State University. Before, he taught at Byrd High School for eleven years. In the hobby department, he enjoys sports, school activities, and vacations. He also enjoys making mean, sneaky faces at students in the hall.

Mrs. Marian McFerren . . . Mr. Duncan's secretary . . . graduated from Norton's Business College . . . enjoys gardening and fishing

We are very fortunate at First Baptist Church School to have three such able and willing secretaries. Their many duties include filing and book-keeping, calling the absentees, and checking students in and out. Mrs. Turley also helps in the library and keeps the study halls under control. These three have proved themselves valuable by the many times they have gone above and beyond their call of duty. Mrs. Farmer could well be called a pioneer of the school because of the many hours she spent helping to set up the school. She has been up at the school almost everyday since the first of March and is a great help since she is a member and was raised in the church. Mrs. McFerren, due to the fact she has worked with Mr. Duncan for the past fourteen years, knows his likes and dislikes. She also has a good background for working at the school since she has worked in the elementary, junior high, and senior high schools in her past experience.

Mrs. Betty Farmer . . . secretary . . . attended both Centenary and Baylor . . . enjoys swimming, handiwork and sewing

Mrs. Wanda Turley . . . teacher's aide . . . attended both East Central State Teachers College . . . enjoys camping and sewing

"The first deadline is when?" This statement summarizes the PATRIARCH staff's primary emotions, goals, and incentives during its first year of existence. Organizing late in the year, we realized that maximum effort from the staff was essential; thus, late hours, quick trips to the post office, continuous photography, love, laughter and real desire made this year's PATRIARCH very special to us.

soccer

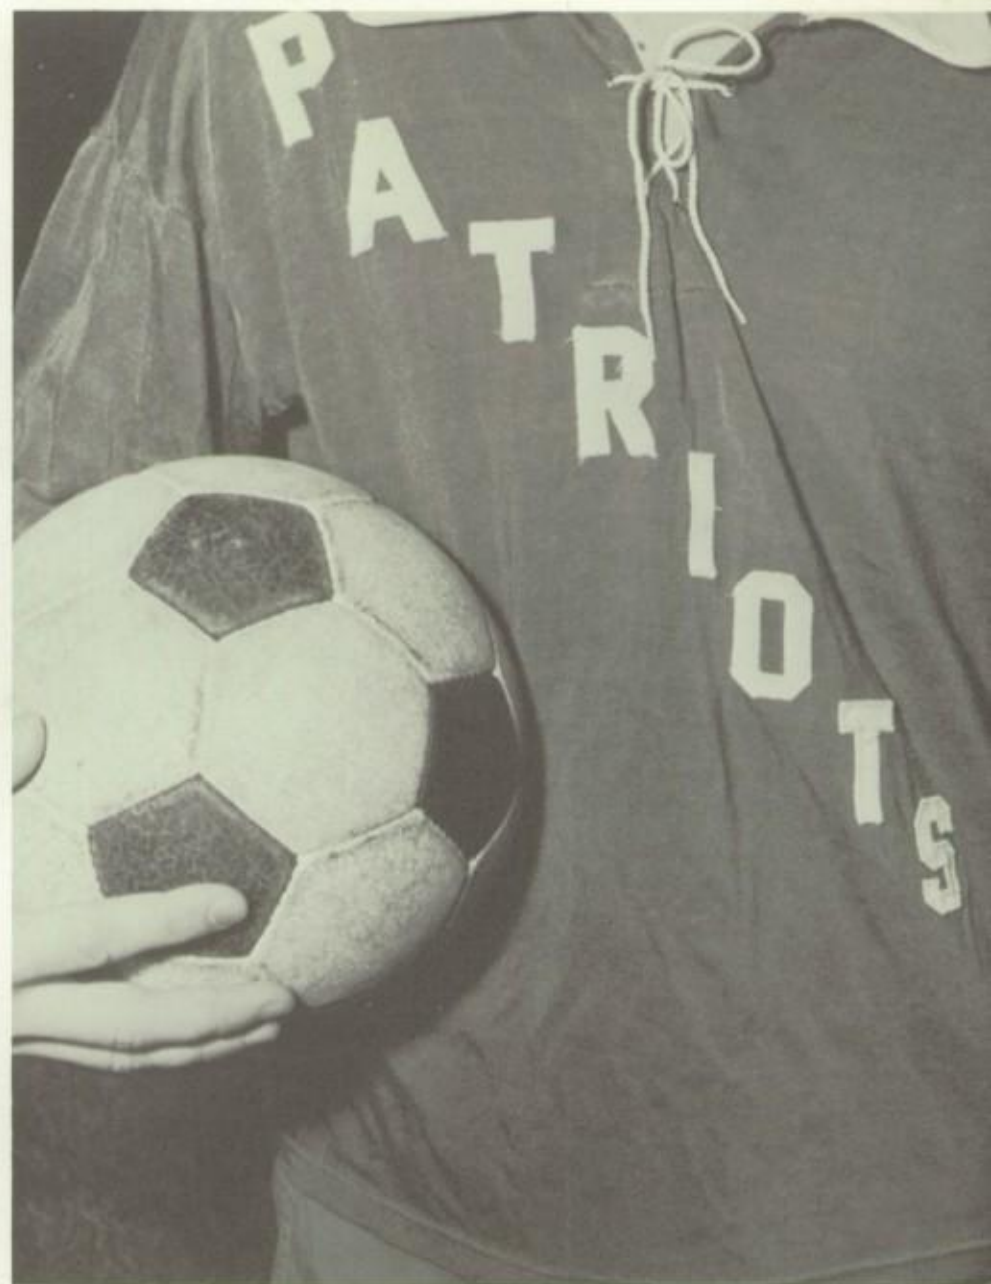

"Experience is the best teacher." The Patriots Soccer Team found this old cliché to be very truthful.

This was the first year that any of the team members had ever played the game. We received a "well done" from opponents, rival coaches and fans. From now on the name of the game is "practice."

This year a great step was taken for the future of soccer in Shreveport.

The "Shreveport High School Soccer League" was formed consisting of the city's three teams.

The games were played at Betty Virginia Park and considerable interest was shown by all.

Martha,
 It has been great knowing
 you this year. You are such
 a sweet girl, whom everyone
 likes. I wish you the best
 of luck in anything you do.
 Be good and stay sweet.
